

Attention Passengers

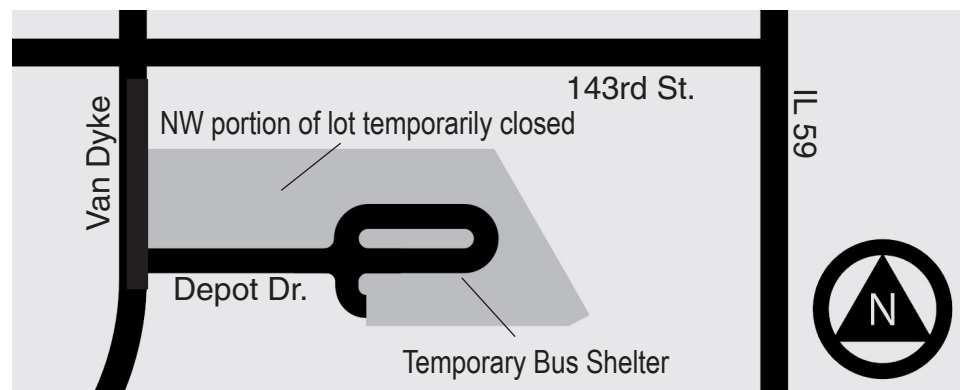

I-55 Bus on Shoulder Improvements Starting Monday, August 13, 2018

New Pace Park-n-Ride Plainfield to Open

Routes 755 and 855 (as well as some combination trips) will serve a new Park-n-Ride located at 14740 Depot Dr. (east of Van Dyke Rd. and south of 143rd St.).

Service to Larry's Diner and Plainfield Village Hall will be discontinued.

Pace will adjust arrival and departure times on these routes slightly.

Additional Service to Canterbury PnR

Two inbound and five outbound Route 851 trips will be converted into Route 850/851 combination trips that will serve Canterbury Park-n-Ride.

These combination trips will provide the option of a less-crowded commute for some passengers parking at Canterbury.

Combination trips will not serve stops along Boughton Rd., but regular Route 850 trips will continue to do so.

3 New Trips Added (Routes 755 & 855)

Pace will add one new inbound trip and one new outbound trip to Route 755. Pace will also add one new outbound trip to Route 855.

Pace recognizes the demand for further expansion of I-55 Bus on Shoulder service; unfortunately, capital funding constraints limit our ability to add vehicles or increase garage space. Your patience as we look for solutions is appreciated.

New timetables for Routes 755, 850, 851, and 855 are available online at PaceBus.com and will soon be available on board buses. Please consult these timetables before August 13, as your trip time may change!

Visit PaceBus.com to sign up for text or email alerts about your routes. Call the RTA Travel Information Center at (312) 836-7000 with questions.
