Real-Time Bus Arrival Text Messaging Service

Pace customers can get real-time information about when the next bus is arriving at their stop by texting us.

How do I get the next bus arrival time?

Type **41411** as the phone number to which you are sending a text message. Then, in the body of the message, type **Pace**, then a space, then the code number you see on the bus stop sign. You should receive a reply a few seconds later.

The first time you use the service, you'll get an introductory welcome message. You'll only get real-time arrival information when you request it.

How do I know the code number for my bus stop?

The easiest way to determine the code number for your bus stop is to look on the bus stop sign. Pace is currently posting numbers on tens of thousands of signs; it may be a while before all signs have codes.

In addition to this text messaging service, riders can also use tools such as Bus Tracker and email alerts. Visit PaceBus.com to find out more.
