System Redesign Guiding Principles

As part of the original study, the project Steering Committee and team developed five guiding principles for service recommendations. These principles are based on the findings from the market analysis, which include:

- Focus on demand
- Create a stronger grid
- Grow ridership
- Shift resources to more passengers
- Serve new connections and new markets

ATTENTION: PUBLIC HEARING NOTICE  
Make your voice heard on proposed route changes!

Pace is seeking public input on proposed service changes resulting from the North Shore Transit Service Coordination Plan and Market Analysis, a joint study completed in 2017 by Pace and CTA. The goal of the Plan is to improve coordination of transit services in North Cook County and to update the public transportation network to better serve high demand travel markets in this area. The restructured network, proposed to be implemented in August 2020, includes changes to five routes: **215, 225, 226, 422, and 423**; the addition of one new route: **424**; and the discontinuation of two routes: **210 and 421**. Please see the enclosed summary of proposed changes for more details.

Public Hearing Schedule

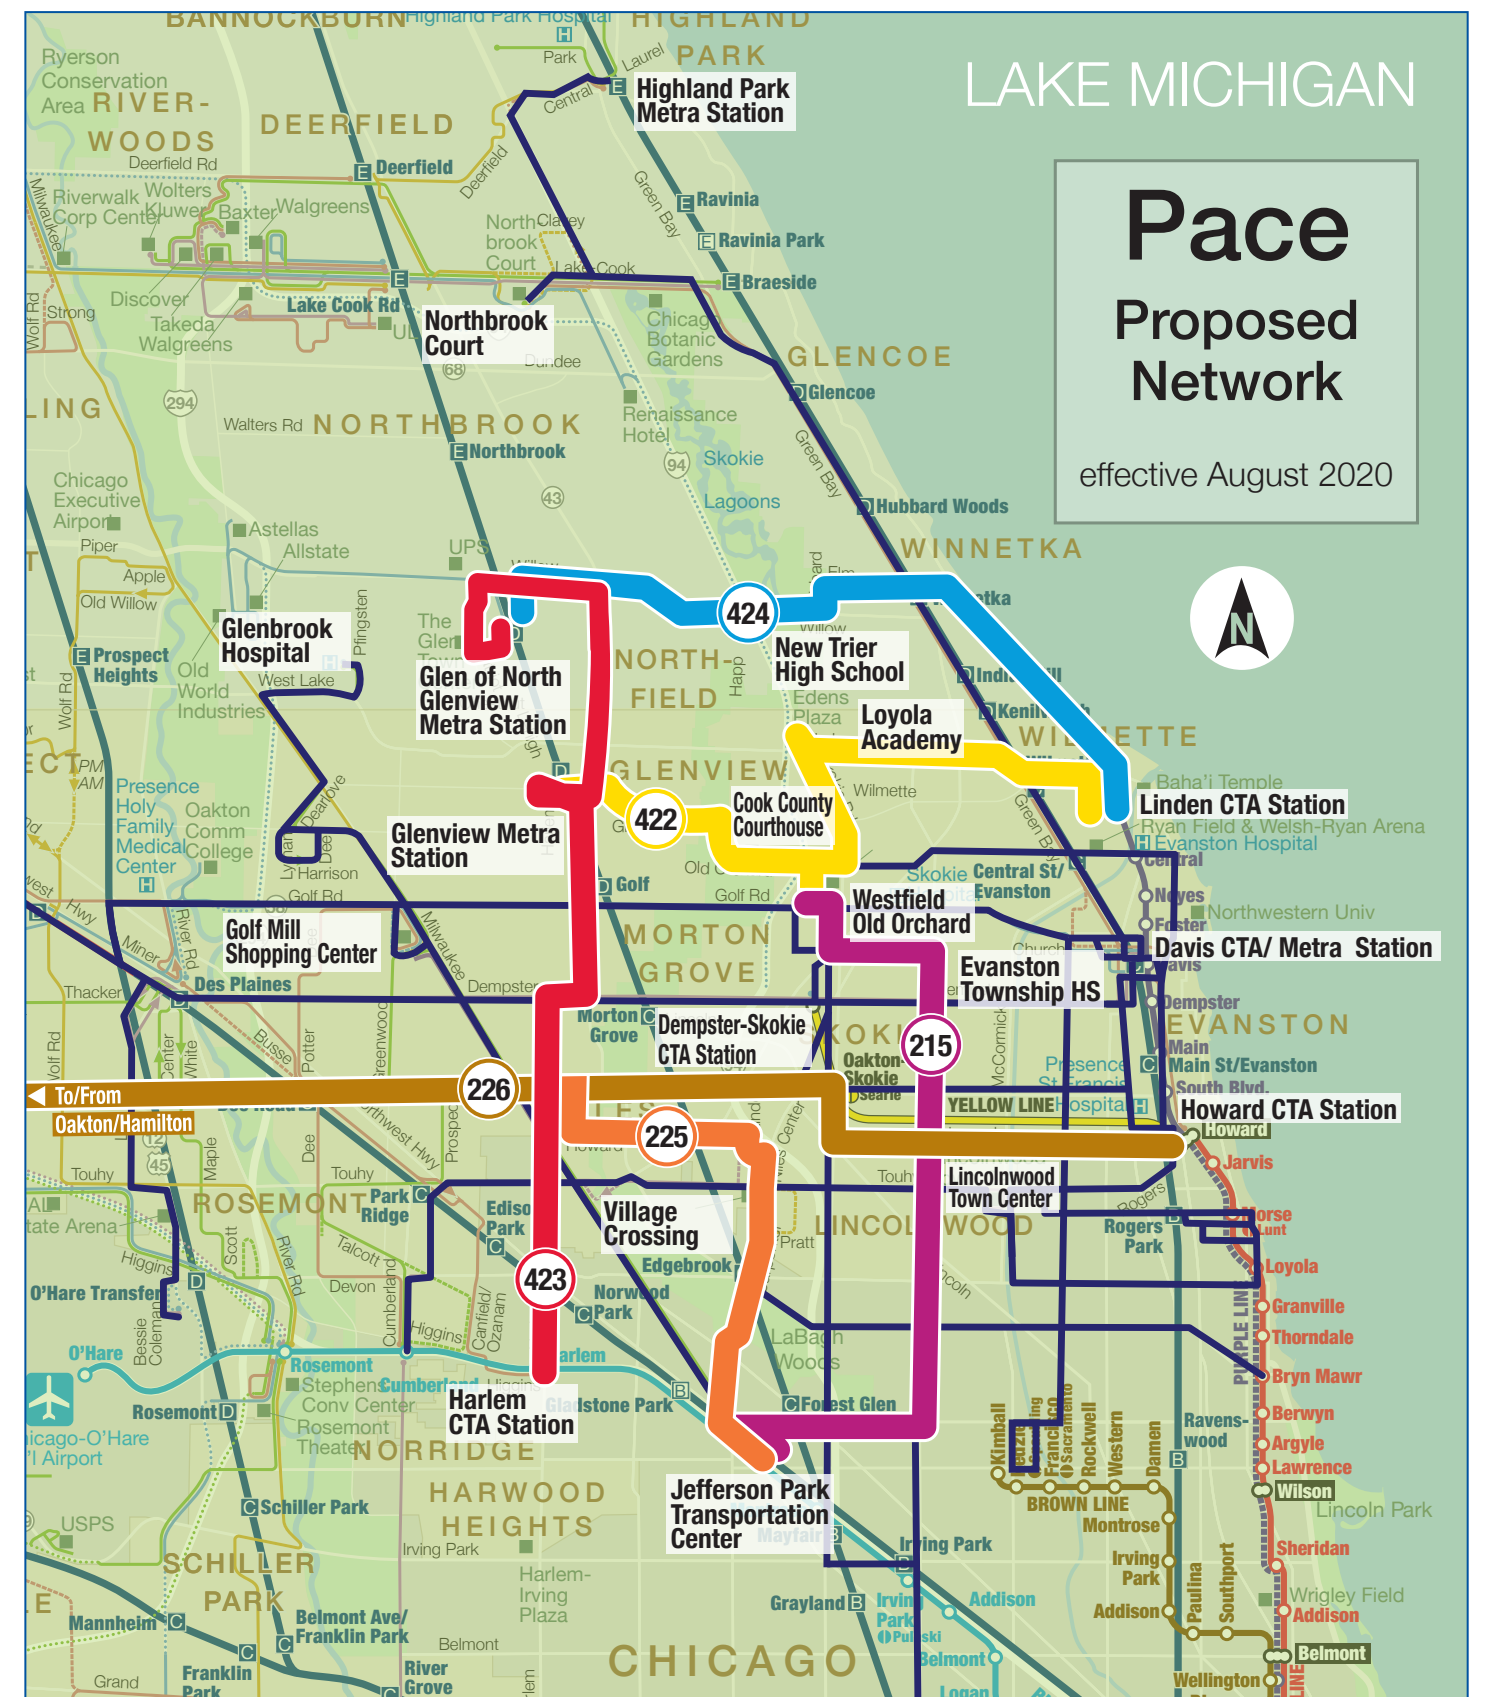

Attend an upcoming public hearing to provide feedback about proposed route changes resulting from the North Shore Coordination Study. Until February 18, 2020, written comments may also be submitted to our website, [PaceBus.com](http://PaceBus.com), in the “Public Hearing Comment Form” area.
