How it Works

A Pace Vanpool can be formed with four or more commuters who have similar work schedules and commutes to work. Someone in the group volunteers to drive. Pace manages the program. Riders share the costs.

Pace Vanpooling includes:

- **Smoke-free Pace van**
A minivan for up to 7 participants and a conversion van for larger groups.
- **Insurance**
Pace provides automobile liability coverage for authorized drivers.
- **Fuel & van washes**
- **Maintenance**
- **Roadside assistance**
- **All Illinois Tollway tolls**
- **A Guaranteed Ride Home**
For personal emergencies, the backup driver fills in and you get up to \$125 per year for transportation. This does not apply to overtime.
- **Guidance**
Pace provides driver training and assigns a representative to assist.
- **Forming a group**
To form a group or grow the group size, invite others, or create an account at: PaceCommuterRideShare.com.

Drive with Pace

Imagine as you head to work, you're commuting in a reliable, fully insured Pace van and saving money in the process. With the Pace Vanpool Program, you can travel at absolutely NO COST when you bring along 3 or more commuters.

Take control of your commute. Invite three of your coworkers to join you in forming a vanpool. Enjoy the advantages of Pace perks, where primary drivers receive personal miles in exchange for volunteering to drive. By participating, you can lessen the burden of car ownership, minimize wear and tear on your own vehicle and potentially lower your personal auto insurance costs. Remember, drivers are not Pace employees or contract workers.

The Pace Vanpool Program offers an economical, convenient alternative to driving alone and carpooling.

Vanpoolers live or work in Cook, DuPage, Kane, Lake, McHenry or Will counties.
Groups range in size from 3-14 passengers.
