

How it works.

VanGo is a reservation-based round-trip service that is designed so you can drive within a defined radius from the pickup location for getting to and from your job any day of the week, 24/7 availability. Once you are registered and have met the safety requirements, you can reserve a van. The VanGo van can also be used during the lunch hour. Pace will handle all maintenance and refueling. Service will be billed monthly. **No monthly commitment! Just reserve a ride on the days you need it.**

Get Started.

1. Requirements

Drivers must meet the following requirements:

- Be at least 21 years of age.
- Provide copies of your valid driver's license and insurance.
- Have a good driving record.
- Pass a physical and drug test.
- Complete an online driver training class.

All drivers and riders must visit **PaceBus.com/VanGo** to complete:

- An application and agreement.
- A credit card authorization form.

The application asks for your intended destination, as that location will be evaluated as part of your application. Destinations must be within 13 miles of the van pickup location.

2. Make Reservations.

Registered commuters can email VanGo@pacebus.com or call 847-364-3964. A text or email confirmation will include an assigned vehicle number and keypad code to unlock the door and key locker. Rider reservations are accepted only on the days when pre-registered drivers are scheduled. **Pace will approve a reservation request only to your pre-approved destination.**

3. Participate for free as a driver when you invite riders to join your group.

Fares are **\$5.00 per day** for round-trip service. Drivers who travel with a pre-registered rider participate at no cost. Monthly statements are provided. Based on usage, service is automatically charged to an authorized credit card and/or transit benefit card.
